*Our Bartenders fulfil one of the most crucial roles within our business - they represent us and they present what we do – and what we do is serve only the best.*

We are looking for confident, dynamic, calm, reliable, happy & enthusiastic members of staff with pride of appearance and a positive attitude.

If you have a genuine passion for all things drink related, are interested in delicious food, can provide excellent service to all our guests and would like to join a highly successful company then we want to hear from you.

As part of the Bartending Team at our new central Leeds venue you will be responsible for ensuring our guests experience is prompt, helpful, and engaging so having great social skills is essential.

You must have a genuine interest in learning about our products; craft keg beer, premium wine and authentic wood-fired Pizza's.

We expect candidates to be willing to share their knowledge with guests in an informative and friendly manner, being ready and able to promote all our products. Full training will be provided on this.

Experience isn't essential but a good attitude and open mind is.

Successful candidates will undertake an intensive training program which will bring you up to speed so you are able to fulfil your job role 100%. You will be required to learn and understand all of our food and drink menus and get on board with the company culture.

We offer competitive rates of pay, the opportunity for real career progression (most of our managers have been promoted from within) and the chance to work for an award winning company that is fast expanding.

Apply now by uploading your C.V

We look forward to hearing from you.
